Dear Mr. Pierson:

We were lucky when you responded to our inquiry on Angi's List back in August 2024. You and your team built a beautiful master bath for us. The workmanship and materials are high quality and will mean years of comfort and convenience for us. We were impressed with the courtesy and workmanship of Drew and Norman on your team. Harley Shrader for the electrics and Zachary Radtke for plumbing were knowledgeable and efficient. César and Bryan Perez were outstanding tile setters and were satisfied with nothing less than perfection. We enjoyed working with Diane at Thomas Building Center, Christine at Keller and Tiffany at Floor and Decor. We also met the glass installers from Hartnagel, the granite people in Paulsbo, and the dry-wall installers, all providing quality products. And we appreciated your coordination, leadership, and suggestions to make the whole project work.

Your business operation, backed up by Stuart, never left us in the dark as to what was happening. Your workers minimized the mess that construction can bring and everyone made the effort to take care of our home. Your coordination and contacts in the trades made the process frustration-free for us and for that we thank you.

Thanks to all for the excellent job and the worry-free experience. In the future, if anyone wants a recommendation we will give one whole-heartedly.

Sincerely yours,

John C and Judy Farnsworth
